## Legal pad - yellow

A4 yellow legal pads, designed primarily for students and business people who use pad and pen several hours a day. Yellow legal pads are a particularly good alternative to white standard pads as yellow reduces reflections and contrasts that cause eye strain. Margin is red. The paper is made from 70 g recycled material. Colour may vary between batches. The pads are top glued. 4 hole punched for easy archiving. 100 sheets per pad. Packed 5 pads per pack.

Order code 100051856

## Phone pads

Phonepads are all top-bound with blue cloth-backed tape. They contain 100, 70 or 50 sheets of 60 g micro-perforated paper, which ensures a near-perfect clean-cut edge. All pads comes with a nice protective cover speaker-sheet with easy understanding icons to illustrate the specifications of the pads. Phone pads bear the Nordic Swan and EU Ecolabel.

# Bantex

## Our History...

Bantex A / S was founded in Denmark in 1961 as a modest company. Manufacturer of office supplies, its offer rapidly expanded through the decades, thanks to its growing reputation and a strategy of international development: Bantex became one of the key actors of office products in Europe.

In 2000, the French group Hamelin acquired Bantex and accelerated the development of the range thanks to its worldwide network. Hamelin has a strong position in the world as a leading manufacturer and supplier to the office, school and fine art markets.

In 2001 Bantex moved to new headquarters in Lyngø: those modern buildings are tailored for Bantex needs and provide significantly improved logistics conditions.

Today, Bantex brand is a well-reputed brand in the world, known and trusted by end users. Its 800 references\* are sold in more than 95 countries in the World.

# Discover the vast range of EU Ecolabel products and services

There are over 37,000 products and services on the market that display the EU Ecolabel. These products and services cover everything from detergents to shoes and paints to paper. You can even find EU Ecolabel tourist accommodations and campsites.

To discover all the products and services available in-store and online throughout Europe and worldwide, visit [www.ec.europa.eu/ecat/](http://www.ec.europa.eu/ecat/)

## Five reasons to choose EU Ecolabel

- ★ It helps protect the environment. EU Ecolabel products produce less waste and pollution when compared with similar items on the market.
- ★ EU Ecolabel minimises the use of hazardous substances which can harm your health, animal and plant life.
- ★ Independent experts verify that EU Ecolabel products and services continuously comply with the label's criteria. It is not a label by industry for industry.
- ★ It is good for your pocket. Performance criteria ensure EU Ecolabel products are effective, and by helping you reduce your energy and water use, it can save you money.
- ★ With more than 37,000 brands covered by the EU Ecolabel, you can choose from a range of environmental products and services.

**ECOLABEL SUITS YOU**

The  
**environmental label**  
from the European Union  
that makes  
green choices easy

## Find out how the EU Ecolabel works

With so many products and services making green claims, it can be difficult to know which labels you can trust.

The EU Ecolabel, managed by the European Commission and authorities in every EU Member State plus Iceland, Norway, Switzerland and Turkey, is a long-standing and reliable environmental label.

Right at the core of the EU Ecolabel is the life-cycle approach. All of the products that display the EU Ecolabel have been designed to ensure that their main environmental impacts are reduced throughout the product's life-cycle.

This includes every stage of the product's life, from the extraction of raw materials, to production, packaging and transport, right through to how you use and dispose of it.

To be awarded the EU Ecolabel, products and services must comply with ecological criteria that are set by panels of stakeholders and assessed by independent experts.

The label ensures that the best decisions for the environment are made at every point of the product's life cycle, while delivering high-performance products and value for money.

When you see the EU Ecolabel logo, on a product, it means less waste, less pollution and products that are better for the planet.

The EU Ecolabel makes green choices easy.
