DAYVIA

DAYVIA is an innovative French company created in 2009.

After numerous discussions with doctors, researchers and designers, DAYVIA has created the first French medical light therapy lamp.

DAYVIA lamps comply with the European directive related to medical devices (certificate of conformity issued by the French notified body on 08/04/2009 and renewed during each annual audit since this date).

Quality, safety, design, respect for the environment and ease of use are the main advantages of DAYVIA light therapy lamps.

Our first project was co-funded by the European Union. Europe commits to Nord Pas De Calais region with the European regional development fund.

DAYVIA – INNOVATIVE LIGHT THERAPY

Dayvia Slim Style

- Discreet: very small used space on a desk or in a confined space
- Elegance: slim shape
- Aesthetics of each side: beautiful 360° vision
- Ease of use: ON / OFF, POSITION I / II, +/-
- 10.000 Lux
- POSITION I enriched white light on the blue wave lengths
- POSITION II specific soft blue light with smooth intensity
- POSITION III neutral light without medical effect
- Energy saving: 21 W consumption only (LED technology).
- 25W Class II A medical device: CE0459 *

400149953

* Medical certification issued by the French notified body attesting to its compliance with directives 93/42 / EEC and 2007/47 / EEC relating to European medical devices.

Dayvia Sundesk

- This light therapy lamp has been specially designed for work spaces at home or in the office.
- It is adjustable thanks to its articulation:
- either in light therapy lamp mode directed towards the face (intense white or blue light just as effective)
- either in desk lamp mode with a softer white light directed towards the worktop after its daily light therapy session
- 10.000 Lux
- POSITION I enriched white light on the blue wavelengths
- POSITION II specific soft blue light and not very intense energy saving: consumption of only
- POSITION III neutral light without medical effect
- 25W (LED technology).
- Class II A medical device: CE0459 *

400149954

* Medical certification issued by the French notified body attesting to its compliance with directives 93/42 / EEC and 2007/47 / EEC relating to European medical devices.

Unilux News 2021

Consists of contributing to better health in the office, by proposing innovative and effective products while respecting the requirements of safety, respect for the environment and Men. By meeting the needs of the 5 senses of the person, our ambition is to increase the well-being, productivity in the office.

UNILUX wishes to promote through its products the exchanges between employees, their concentration, their mobility, the aesthetics of their work environment and the image of the company.

Unilux Baya Bamboo

NEWS
2021

- **Handy:** thanks to its double articulated swivel arm, this lamp is equipped with compensating springs facilitating its orientation in all directions.

- **Eco designed product:** the use of a bamboo (grass) part, high-quality steel for the base and recyclable aluminum for the arm thus contributes to the preservation of natural resources and to reducing our environmental impact.
- **Neo retro design:** this lamp with a timeless design evoking vintage objects has been revamped to be trendy and modern thanks to the alliance of materials both natural (bamboo) and industrial (metal).
- **Protect your eyes:** this LED desk lamp provides quality and comfortable lighting because it is flicker-free. It is

pleasant for the eyes and thus reduces the effects of fatigue.

- **Stability:** its weighted base ensures perfect stability of the lamp on your desk.
- **Versatile:** it is sold on a base and with clamp (maximum spacing 5 cm) and adapts to all uses.

- Nominal power: this luminaire is supplied with an LED bulb base E27 with a power of 12,6 W
- Lifetime * of the LED bulb: 30,000 hours
- Illumination of 1640 Lux at 35 cm
- Color temperature: 3000 K
- Weighted energy consumption: 10,5 kWh / 1000 h
- Luminous efficiency ** of LEDs: 100 lm/ W
- Energy efficiency: class A / A + / A ++ (spectrum A ++ to E)
- CRI: 82
- 2 years warranty
- Maximum height: 55 cm / minimum height: 15 cm
- Materials: pedestal, arm and head in epoxy painted steel and recyclable aluminum.

* Average consumption: 1000 h / year

** Light emission of the lighting source
