UNILUX

# No consistency between equipment and home decoration style?

## CHALLENGES:

- Obsolete equipment
- Disharmonized and old style work equipment
- Lack of motivation

## UNILUX PROPOSAL:

### SOL lamp, VICKY, FLEXIO and BALTIC watch

- Create a nice working space
- Create a cool atmosphere
- Show commitment

## Unilux SOL

- Small base flexible long arm
- Strong and robust construction
- ON/OFF switch on cable
- Integrated LED module, average lifetime: 20 000 hours
- Materials: plastic (ABS), metal, elastomere soft touch
- Height: 45 cm
- Available in following colors:  
400077402 black  
400077405 blue  
400077406 red  
400077404 white

35 cm distance lux:.....	1.260	kWh/1000h.....	6,2
Watt.....	7,4	Energetic class.....	A++
Lumen/Watt.....	120	Color temperature (K).....	3.000

## Unilux Flexio2

- Flexible arm with metal base
- Strong and robust construction
- ON/OFF switch on cable
- LED bulb supplied : 50 000 hours
- Materials: metal, epoxy paint and chrome metal arm finish
- Height: 35 cm
- Available in following colors:  
400093694 green  
400093687 black  
400093695 blue  
400093692 metal grey

# Unilux Baltic

Deco and design touch for harmonious working space

- Scandinavian modern style
- Silencious mechanism
- High quality quartz system
- Wall hanging system
- 1,5 V battery (AA) supplied
- Materials: plastic, wood extracted from sustainable forests
- Diameter: 31,5 cm
- Available in white and beech wood: **400094591**

Clock reading distance.....	35m
Consumption .....	0,21 mA
Weight .....	0,79 Kg

# Short space with poor lighting?

## CHALLENGES:

- Improvised workspace with limited space and insufficient light
- Where to put the desk lamp after work session?

## UNILUX SOLUTION:

### Foldable lamps

- Space saving on the table
- The lamp can be folded and kept after use
- Can be easily carried for transport
- High quality lighting solution

## Unilux Terra

### LED light lamp with intensity dimming

- Light intensity step dimming
- Foldable for space saving
- Switch button on base
- Integrated led module
- Average lifetime: 40 000 hours
- Materials: plastic (ABS), recycled aluminum
- Height: 38 cm
- Available in metallic grey color: 400077409

35 cm distance lux .....	1.135	kWh/1000h .....	7,9
Watt .....	8,3	Energetic class .....	A to A++
Lumen/Watt .....	134	Color temperature (K) .....	3.300

# Unilux Popy

## LED lamp with color and intensity dimming

- Power supplied by USB port, for example: laptop, desktop, or through AC power plug
- Can be flat folded to be easily transported or to clean desk
- Light and color temperature (3000, 4500 and 6000 K)
- All setup through single button on base: short click for color temperature, long click for lighting power
- Night lamp mode on base
- Integrated LED module, average lifetime: 50 000 hours
- Materials: aluminum, safetyproof glass
- Height: 25-35 cm
- Available in white: **400124478**

Distance lux 35 cm.....	1.100	kWh/1000h.....	5
Watt .....	6	Energetic class.....	A to A++
Lumen/Watt.....	120	Color temperature(K) .....	3.000-6.000

# Unilux Linka

## Dimmable LED lamp with 2 charging modes and automatic turn OFF

- Charging function via Qi (inductive technology) and USB port for smart devices
- Power lighting adjustable by soft dimming
- 4 levels color temperature: 2800, 3400, 4500 and 5600 K.
- Automatic turn OFF function with timer 1 or 2 hours
- Can be totally folded for easy transportation or tidy in drawer
- Integrated LED module, average lifetime: 50 000 hours
- Materials: plastic (ABS), aluminum
- Height: 22-35 cm
- Available in black color: **400124484**

Lux at 35 cm distance .....	1.695	kWh/1000h .....	5,3
Watt .....	6,4	Energetic class .....	A bis A++
Lumen/Watt .....	111	Color temperature(K) .....	2.800-5.600

# No AC power around?

## CHALLENGES:

- Improvised workplace with poor light and no AC power plug around
- Work in train or during trip
- Reading lamps on terrace or balcony

## UNILUX SOLUTION:

### NELLY lamp on battery

- Work with a correct light everywhere
- Without electric consumption
- Light weight
- Flexible arm
- Small base

## Unilux Nelly

Flexible and mobile work with powerful LED lamps on battery

- Works on internal battery during 7 hours with excellent lighting power
- Lighting power soft dimming, color temperature step dimmer (3000, 4500 and 6000 K)
- 1 button for full setup: short click for color temperature, and long click for lighting power
- Power through USB port, light signal to show charging process
- Flexible arm can be rolled up in a compact position
- Light weight (240 g)
- Integrated LED module, average lifetime: 20 000 hours
- Lithium-ion battery: 2400 mAh, 7 hours average autonomy, 4 hours charging time
- Materials: plastic (ABS), rubber shrink on metal
- Height: 25-35 cm
- Available in white color: **400124483**

35 cm lux distance .....	1.100	kWh/1000h .....	6,5
Watt .....	7,8	Energetic class .....	A bis A++
Lumen/Watt .....	134	Color temperature( K) ....	3.000-6.000

# Limited space on desktop?

**CHALLENGES:** • Very limited workspace • Bad lighting

## UNILUX SOLUTION:

### Travelight desk lamp

- The lamp clip goes on any computer screen thickness, and thus helps to save space
- Asymmetric lighting for a high performance lighting

## UNILUX SOLUTION:

### STRATA desk lamp

- Thanks to its back clip, this lamp can be fixed behind your notebook or computer screen, then saves space
- Wide lighting area

## Unilux Travellight

Mobile desk lamp with light sensor

- Asymmetric lighting to avoid light reflexion on screen
- Easy to install which goes on computer screens and laptops from 0,5mm to 3cm.
- Plugs in on any USB port thanks to its 1 meter cable (supplied).
- The light sensor controls the automatic lighting power based on your ambient light
- Light dimmer on lamp head for light intensity and color temperature(2900 to 6500 K)
- Light and compact, this lamp can get along with you on trip, at home or at the office, and can be put in its transport pouch
- Integrated LED module, average lifetime : 30 000 hours
- Material: Plastic ABS and aluminum
- Available in black color: **400140802**

Lux at 35 cm distance .....	550	kWh/1000h .....	3,5
Watt .....	4,5	Energetic class .....	A à A++
Lumen/Watt .....	100	Color temperature(K) .....	2.900-6.500

## Unilux Strata

Wide lighting lamp with light sensor

- Optimum workdesk lighting on 120 cm wide, thanks to the lamp head (80 cm width), and its asymmetric lighting halo
- Base system with clamp to hang on desk edge, behind your computer screen.
- Thanks to its flexible arm, the light is well aligned on top of the screen without blurring effect on eyes.
- Light sensor automatically adapts the light based on your ambient light level
- Dimmer control on lamp head for manual and stepless dimmer either for lighting power and color temperature(3000 to 6000 K)
- Integrated LED module, average lifetime : 50 000 hours
- Material: aluminum, rubber base material, steel
- Height: 45-70 cm
- Available in black color: **400124562**

Lux at 50 cm .....	1.170	kWh/1000h .....	10,6
Watt .....	12,7	Energetic class .....	A to A++
Lumen/Watt .....	100	Color temperature(K) .....	3.000-6.000

# Circadian rythm troubles?

## CHALLENGES:

- Lack of energy
- Productivity and concentration drops
- Mood and sleep disorders

## UNILUX SOLUTION:

### Connected light

- Synchronizes your circadian cycle
- Optimises your sleeping time
- Improves your well being on a daily base
- Boost your creativity

## Unilux Sunlight

Desk lamp with circadian cycle managed with "MY UNILUX" app

- Innovative and connected lamp by smartphone, which allows you to synchronize your circadian cycle with the daylight.
- Automatic mode pre-setup which brings you the right light quality at the right moment of the day.
- Manual mode which will allow you to adjust light and color intensity.
- Head lamp slick design and slim arms, which give an original design to the lamp
- ON/OFF switch easy to use (on cable) with 1,9 m cable long
- Integrated LED module, average lifetime: 50 000 hours
- Materials: Epoxy paint on steel with steel chrome finish
- Available in black color: **400110128**

Lux at 35 cm .....1480  
Watt .....9  
Lumen/Watt .....100

kWh/1000h .....7,5  
Energetic class .....A to A++  
Color temperature(K) .....2.700-5.200

# Stay seated for long hours?

## CHALLENGES:

- Table without adjustable height
- Wrong posture
- No moves

## UNILUX SOLUTION: Dynamic footrests

- Bring more comfort and ergonomy
- Use it on the full feet surface
- The tilt function or side movement brings you a natural way to move
- Muscles are activated, blood circulation is enhanced and tensions are released.
- Align with working area
- 90 ° angle knee recommended

## Unilux Nymphaea

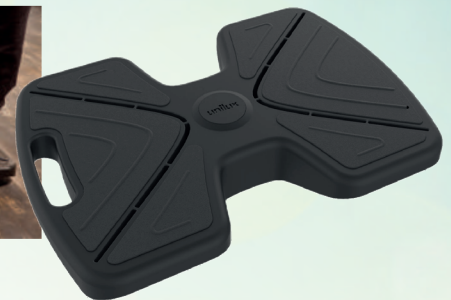

This dynamic footrest allows you to move your feet while seated

- Flexible tilt angle (0 ° to 20 °) without steps
- Tilt angle allows you to balance your feet and improves the blood circulation
- Adjustable height without tools (12, 15 and 17 cm)
- Plate for full feet surface for the best comfort
- Antislippery surface
- Product Made in France
- Dimensions: 42 cm x 32 cm
- Materials: ABS, PVC
- Available in black color: **100340822**

## Unilux Updown

Stand up and seated footrest

- Balanced footrest to find balance and be more active
- Tilt angle in any position thanks to its rounded base
- Can be used either seated or in standup position
- Perfect for work break
- Developed and engineered in collaboration with work doctors
- Antislippery base on the ground, which gives a firm grip
- Product Made in France
- Materials: PP, silicone
- Dimensions: 45 x 35 cm
- Available in black color: **400095456**

## Unilux Roller Feet

Massage and back and forth movement footrest

- A light rolling movement brings you relaxation muscle redynamisation for tired feet and legs
- Textured surface massages your foot palm when used without shoes
- Enhances relaxation and allows reflexology foot zones
- Easy to use
- Strong and durable conception

- Dimensions: 44 cm x 14 cm
- Materials: PVC, EVA foam
- Available in black color: **400125220**

# Wrist pains?

## CHALLENGES:

- Intensive and repetitive wrist movements
- Pins and needles feeling, tingling sensation, numbness
- Median nerve compression: Carpal tunnel syndrom

## UNILUX SOLUTION:

### MOOVE wrist support

- 4 stainless steels bearing balls ease your wrist support and moves
- Memory foam for best wrist support
- Compact product.

## Unilux Rolling

### Release tensions by easing your wrist movements

- Reduces carpal canal syndrom thanks to its shape
- Memory foam to support your wrist
- 4 stainless steel bearing balls under the base to move your wrist with ease
- Easy to use
- Strong and robust product
- Dimensions: 12 cm x 11 cm x 4 cm
- Materials: ABS/ cellulose memory foam, stainless steel bearings
- Available in black color: 400110158

# Neck or shoulder pains?

## CHALLENGES:

- Improvised working space without standard working chair
- Muscular tensions or back pains

## UNILUX SOLUTION:

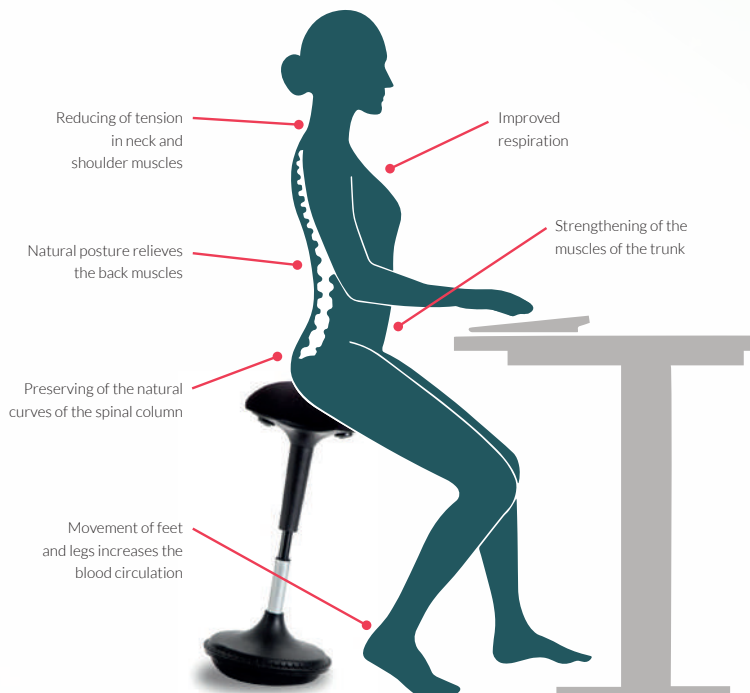

### MOOVE dynamic stool

- Rounded shape base brings you balance and allows you to move
- Can either be used seated or standing up position at home: in kitchens, offices, thanks to its adjustable height of 89 cm
- Uses less space than a standard office chair.

## Unilux Moove

### Seat dynamically, release tensions

- Rounded base allows you to be seated and to move your upper body part
- Enhances a straight seated posture, while relaxing the spiral cord and activating middle body muscles
- Height adjustable from 63 to 89 cm
- Long life stuffed seat with triangular shape
- Anti-slippery base
- Hydraulic pump to adjust height by push-buttons
- Available in black color: 400110242
